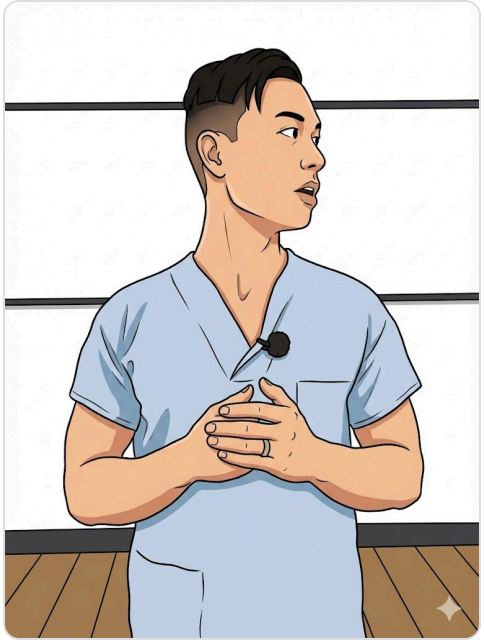
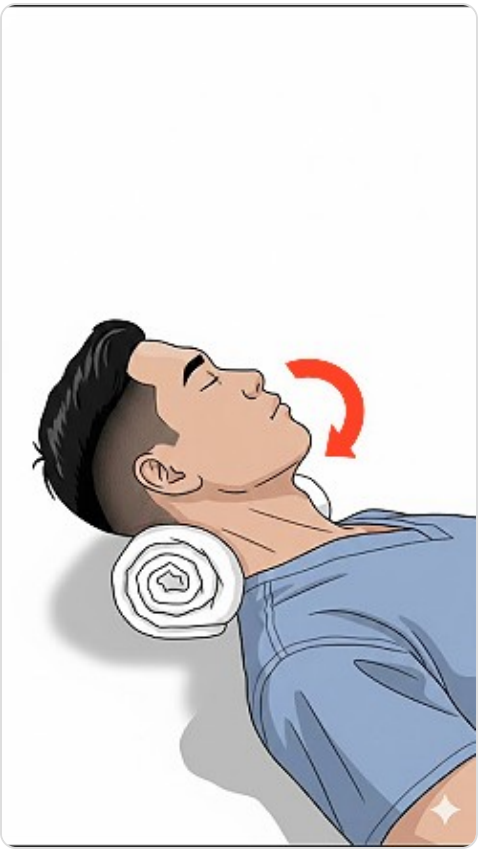
NECK FLEXION ISOMETRIC

Bring your hands to the front of your head. Now bring your head slightly forward by tucking in your chin. Then use your hands to gently resist this movement. Apply a gentle, pain free pressure towards the head. Hold the contraction for 10-15s before relaxing. Repeat this exercise for 10 reps x 3 sets.



NECK ROTATIONS

Gently turn your head to your right shoulder before any pain and then very slowly towards the left shoulder. Stop before any pain and ensure smooth movements. Repeat this exercise for 10 reps x 3 sets.



DEEP NECK FLEXION

Lie on your back and place a towel or pillow behind your head. Have your elbows at 90 degrees and the ends of the bands by your head. Place your tongue to the roof of your mouth and perform a gentle chin tuck. Hold for 3s and then slowly return to the starting position. Repeat 10 reps x 3 sets.

Neck Protocol:
